

Your reason 'why'

Defining your reason 'why' will help you stay on track and get your successful course created and earning you money. If you don't have a focus on the end goal I can pretty much guarantee something will come up to distract you. There will be hurdles and other projects...and it'll just get put off. And that can't happen!

So state your why in the box below... cut it out... put it somewhere you'll see it (I have mine on the first page of my work planner... so every day when I open it - it's there!)

A spiral-bound notebook with a black cover and a white page. The page is ruled with horizontal lines and has a spiral binding on the left side. A small red and white scissors icon is positioned at the top left corner of the page, indicating where to cut out the page.
